

November 27, 2013

Dear Valued Customer,

In response to increasing raw material prices DaVinci Roofscapes is announcing a price increase effective on all orders received after December 31, 2013. Orders placed before January 1, 2014 must ship by March 14, 2014 in order to maintain current (2013) pricing.

Please note that this price increase does not apply to all DaVinci Roofscapes product categories. However, many accessory products are used in multiple categories and may be subject to a price increase. . You may find it necessary to re-quote any projects that will be affected by the price increase.

We have also found it necessary to revise our flat per bundle freight rates effective January 1, 2014. Please see the attached "per bundle" freight rates for your area and note that this flat rate per bundle freight program is not available in all areas. As always, you are welcome to arrange your own freight if you'd prefer not to participate in the flat per bundle freight rate program. Please contact your sales support representative for more information.

Our last price increase was in September of 2012 and as always we worked hard to avoid any price increase for as long a practical. For help on longer term project quotes, please contact your DaVinci Regional Sales Manager prior to January 1, 2014.

As always, thank you for your continued support!

Sincerely,

A handwritten signature in black ink, appearing to read "Mark Hansen".

Mark Hansen
VP, Sales

Fixed Freight Rates NE, MO, KS, IL, IN, IA, OK, AR
Effective January 1, 2014

Less than Truckload (LTL):

\$2.15 per bundle with the exception of Bellaforté *field* bundles which are \$1.50 per bundle*

Full Truck Load (FTL = 24 skids):

\$1.55 per bundle with the exception of Bellaforté *field* bundles which are \$1.05 per bundle*

**Rates are based on shipping to a distributor dock. Please contact your Sales Support Representative for rates to other destinations or multiple drop off locations*

A box of nails or a roll of underlayment is equal to one bundle for freight purposes. Be sure to add all bundles (including field, hip/ridge, starter, etc.) for an accurate freight rate.

Fixed freight rates were developed to allow you to quote DaVinci without the need to check freight rates on each order. The program is optional and you can opt out at anytime. Please contact your sales support representative if you'd like to be excluded from the program.
