Johns Manville Roofing Price Increase

As costs continue to increase, Johns Manville has been working to mitigate the effects of these increases through productivity gains and efficiencies at our manufacturing facilities. However, we can no longer continue to absorb these cost increases.

The following price increases will be effective January 1, 2014

Flat Fesco Products – 5% (This includes all Fesco, Duraboard, Retrofit & RetroPlus Products)

Tapered Fesco, Tapered Edge & Cant Strip – 8%

All Polyiso Insulation Products – 5%

Invinsa & Invinsa FR Products – 5%

All orders must be shipped by December 31st based on available material and shipping capability to guarantee pre-increase pricing. The new price will be applied to all shipments on or after the effective increase date regardless of order placement date. Existing quotes will be honored but extensions will not be granted.

Thank you for your continued support.
